Lee worked with us at HBE Corporation as a Project Architect for many years, preparing construction documents for many hospitals. He was always dedicated and as diligent as he could be, coordinating architectural documents with the in-house engineers and their drawings. He was quite competent and experienced, and was a good tutor to younger architectural staff members.
Lee initialed his drawings "SLD" with pride.
Lee pitched horse shoes, played golf with the HBE Golf League at Creve Coeur golf course for years.
Lee was good with whom to work and share stories. We're happy to have worked with him and enjoy his friendship.
God bless Lee and his family.
