“ So sorry. John was one of those cousins that was so close to my age, so family gatherings were always fun. In addition to our childhood memories, it was so neat to share electric utility stories and experiences with John. I'm sorry we lost touch over the last few years. Our condolences to the family and our prayers. Dick and Cathy Eimer, Conroe, TX.

“ Our deepest sympathy to Kathy and family on your very sad loss, we only knew John a short time but come to love and respect him as a neighbor and friend. John always had a smile on his face and made you feel welcome if you stopped by , he always would offer you a beer no matter what time of day it was. John loved his boat and recently took my husband and I and another couple out for a lovely afternoon. We will dearly miss John . R.I.P my friend , you have gained your wings no fly high with the Angel's.

“ Our deepest sympathy goes to Cathy and the Eimer family. John was part of the Parkhill family in Florida and will be missed. John would sit on his porch in the mornings when we walked by and always said something to make us smile!

ME

I'm so saddened by losing John, Cathy. The last time I saw John was very special to me. He was such a sweet dear person, a typical happy true blood Eimer making people feel special. My heart is with all of you today, it's so hard to accept his passing. The last time I saw John was a few years after I moved to Murphysboro in 2006. John was sent on a job to check out our CIPS power plant at Grand Tower (my hometown). I was so delighted when, one day, John called me and said he was in the area. He came over to see me the next evening and took me out to dinner. How I wish we'd had more time but he was getting ready to head back home. I'm thinking more about him these days. How I wish we'd had time to bum around in Grand Tower, I think I could have made that special for him. Please know you and all of our grieving families are in my prayers. I love you all very much.

I'm sorry the above entry was listed as "Mary Eimer" and there was no mention of my more familiar name of "Mary Nadine Eimer". I wanted to make this clear since we have .. MANY "Mary Eimer" names in our Eimer family. Thank You.
