“ I always called Betty my Aunt when I spoke about her, she was so sweet and loving to all of us. Vacations and camping together gives me so many fond memories. Also, her love of her pets, I remember her showing me how to get Lady to heal while I walked. Once I stopped by to see Betty, Taylor and my parents on one of their vacations up North, as they told about the funny mishaps while fishing together, the laughter filled the room. It was so nice to see the closeness they shared. She was a beautiful woman who treated all of us as one of her own, she will be missed.

“ So many great memories of vacationing and camping with Taylor, Betty, Debbie and Gary. Listening to stories from way back when, of the fun she and Mom had as teenagers. Double-dating with Dad and Taylor. Betty being cold so everyone else was cold as well. Visiting with her this past year, she seemed to enjoy talking about years past. I will miss her greatly but will always remember her smile and her love for her family.

“ Thinking about all of the great times we shared camping with Taylor, Betty, Debbie and Gary. Whenever Betty got chilled, her favorite line was "Gary, put on your sweatshirt! It's cold outside." So there was Gary, running around dressed like a mummy while the rest of us were decked out in shorts and t-shirts. Betty was the perfect example of a loving mother always protecting her children. I will miss Betty but the great memories I have of her will not be forgotten.

“ I came into the family late, but Betty was always nice and gracious to me. The funniest story about Betty passed down through the Margenau family was something along the line of:

Gary go put your jacket on, I'm cold.
