“ My condolences to Shane and the entire family for your loss. Dodie was an incredibly fun person and best friend to my wife. Listening to their stories of their times together was amazing and hilarious. Two wild and crazy gals they were... I am deeply saddened of her passing.

“ I myself had so many memorable moments with Mrs Dodie and so much laughter and also crying moments... She had such a big heart and was never judgemental towards anyone, she was like a second mother to me my children and my grandchildren... I'm definitely going miss all the long texts through the night, our store trips, our lunch dates, and all the good food she would cook... I'm going miss our talks, I could tell Mrs Dodie anything about me, my kids r just my whole family and she always understood and gave me the best advice in the world and I truly Loved her for that and last but not least I'm going miss hearing about California the good and the bad our bond will forever stay alive. I LOVE U MUCH UNTIL WE MEET AGAIN!!!

“ My true best friend for over 55 years, oh how I will miss her. We had our babies together in fact they had be given the same birth date, but Shane decide to come early, 19 days before Kris. We lived together and raised our babies and work to support them. But we always had fun with the kids and each other. WhenDoe and Shane left to be with family in Missouri it broke my heart, but we continued to stay in close contact. We missed each other so much. We tape messages and mail them back and forth, calling was very expensive. We would visit each other when we could. We were truly soul sisters. So many memories I could write a book, so many good times. We really had suck a strong bond. I always feel her with me no matter how far away she may be, and she would tell me the same. I love you Doe and will forever we will meet again, and continue our story.
