“ This is still so completely unreal!
I will never understand why we always lose the good ones. I can't express how absolutely amazing you are. Always so supportive, funny, and willing to help at the drop of a hat. I truly can't say anything bad about you. We have lost touch over the years, and recently picked back up. How we could stay on the phone for over an hour talking about nothing, I'll never know. It is even more heart breaking to hear you was going to be a father... you would have been such an amazing father Zac. You had so much left to do and achieve, and the best was yet to come with that little baby. You deserved better. Everyone will miss you so much. I hope your fiancé and that little baby find comfort in this hard time. You are so loved and missed. It's see you later, right? 💔

“ I worked with Zac at Presto-X. I would bring my puppy in with me each time I came to the office. Every time Zac came in he would be drawn like a magnet to my pup. He would lay on the floor snuggling and wrestling with him. You could easily spot his love for animals. He would often talk about his family and how he wanted to help his Grandfather. Zac was such a genuine person with a good heart. Rest easy friend.
