“ *I always liked it when Jerry send me to work at Mr. and Mrs. Cutter's (never Seldin and Betty!) house to work on something. They were so sweet and I enjoyed watching them interact. Gary Pey*

“ *As she got older and I cared for her, she struggled with her heart, lungs, back problems, pinched nerve in her neck and severe arthritis, especially in her hands. With all that, she hardly complained. She was well like by everyone, especially the nurses and aids at Meramec Bluffs. Even the nurses who cared for her during her hospital stays always said they hated to see her leave, because she was so sweet and rarely complained. She was a beautiful lady inside and out, and I will miss you so much. I love you Mom and was glad I could be there for you. Love, Monica*
