“ *I didn't know Bill, but I know his daughter, Regina. As I read the entries of those who knew him, I know that there is a lot of Bill in Regina. Therefore, he has touched my life through his child. I feel blessed to have her for a friend. My deepest sympathies to your entire family.*

“ *Bill was one of the best guys I could have ever known, and I feel privileged to be his grandson-in-law. We both shared a love for nature, gardening, history, and so much more. Even though Bill is in a better place I will miss him dearly. He could always bring a smile to my face and helped me to always appreciate the simple things in life. God bless you Bill...*

“ He was my great grandfather and I feel extremely lucky to have been as close to him as I was. I will never forget when I was young and he would come up for holidays, and he would always draw Dumbo for me, or when I would come down to Missouri and we would sit outside and watch the fireflies. His paintings are all absolutely gorgeous, and his garden is magnificent and I will miss him dearly. To me, he was a mentor, a great grandfather, an inspiration, and a teacher. He taught me different art techniques and he taught me how to play piano. Now, because of him, I am becoming a great artist and pianist. He had a lot of people who loved him and he touched the hearts of many.

“ I remember going to Uncle Bill's house as a child. We had so much fun playing there. Remember Fuzzy? "Billy Jack" painted amazing pictures but the artistry I remember most is in the concrete at 318 Ames Place. The beautiful grape leaves in the concrete borders of the porch and the quarter that everyone who came to the door tried to pick up :) What a sense of humor -- especially when he and Dad were together. Now they are together again with all their loved ones who have gone before them. I sure hope they can behave.
