“ *I worked with Bob at ALMSA in the early 80's. It was my first job as a systems programmer and my first project was taking over a project he had worked on for years. He had just been promoted to a very special project and I was stepping into his shoes. As I look back over the decades, I can honestly say he made me the systems programmer I am today. And also I remember how everyone would bring cakes or pies or pastries to the office between Thanksgiving and Christmas. He would bring a homemade apple pie that was better than any pie I've ever had before or since. I shared a slice with my wife who was an excellent cook and even she said she couldn't top it. He will be missed on many levels.*

“ Bob was truly a wonderful person. He, Marley, Cherokee and I shared many great walks at the Treecourt Unleashed Dog Park. The last time I corresponded with him was on his donated bench at the park. God Bless you Bob. You and Marley will surely be missed.

“ I am so sorry to hear of Bob's passing. He was such a kind and gentle person. Since retirement he performed a very important and valued function of keeping the ALMSA Retirees' group email list current, and thereby allowing all of us to keep each other apprised of news about former ALMSA employees. He will be missed by his family, friends, and Marley. Peace be with you, Bob.
