“ Ken ...First of all I would like to say I am so sorry for your loss of your wife Carol. My prayers go out to you and your family at this time of need. I want to say that I am honored to be able to assist you to express your love for Carol with my composition “gone” being played at her funeral. I wrote this piece after the passing of my mother. Even though I knew for a long time her time was short It was very emotionally difficult when the time actually came. I think when I wrote the composition “gone” it was more for me than for my mother. Because through the process of composing the song I couldn't help feel that I was getting insights from her that she was in a good place and was doing fine. And I could feel her love and well being as the composition developed. The piece gave me great comfort at the time when I played it at my mothers funeral. I hope this piece can Help relieve some of your sorrow and fill your heart with peace And immense love 💕 at this time.
Blessings to your family
