“ *Wonderful woman who will be deeply missed. Shocking that this is how I find out a family member died. Watson family please take time to think that someone like Carol may have touched the lives of others even if you don't keep in touch with those other people it is nothing short of common courtesy to let them know that this person has passed so that they may pay their respects. I am deeply hurt and hope that you see this so that you may take time to reflect on your actions.*

“ *Carol was a kind, and loving lady. I was Blessed that my children had her for a step-mom. She loved the children and grandchildren with all her heart. She is in GOD's arms now with no more pain or suffering. You will always live in all the hearts you touched. R.I.P .. Prayers go out to all of her family and may GOD be with you all in this time of need. Much Love to you...*

“ *Dear Terry and family,*

Carol was a dear lady and was always committed to our fire chaplain Ministry. I have seen it written on many Facebook posts that she was an angel in disguise, and indeed she was. She was sent to earth as a servant of God to be there for you and to love you. Now her time has come to return back home but I am sure she is still your angel watching and loving you like she used to. May her soul rest in peace.

“ Carol's passing certainly leaves a space where we walk. We can take some comfort in knowing she made it safely home as we celebrate the life she lived here. Her memory leaves us much to celebrate for the amazing contribution she made to us all. May God's peace and comfort be with everyone who misses her, and know that she is gloriously alive with Him for eternity. Blessings,

“ I was deeply saddened to hear of Carols passing. Carol was a sweet soul and a dear friend. We served together for many years with the Fire Chaplains of Jefferson County. Carol and Terry were among the charter members of this group of which Carol served faithfully as Secretary/Treasurer.

It was a pleasure and inspiration to watch Carol and Terry together. It is a rarity to see a wife and husband who equally doted on one another as the did. They were truly joined at the hip.

I know that today Carol is dancing on streets of gold with her Savior, free from the health issues that ailed her for so long. And I know that we will join her there in that celebration one day.

Until then my friend.
