“ Message

*mom, I miss you as much today as the day you left this world. Im completely lost without you. you were the most kind/generous and authentic person to ever be in my life. if Ive let you down in anyway, I am deeply sorry. theres not one second of the day that Im not thinking of you. my life has spun out of control without your presence. you always had my back. whether I was good/bad/in trouble or not. you never once judged me. I miss your smile, our dances, your awesome sense of humor. part of me dies everyday without you. you never got to see your Jessica get married or the birth of Elliot Lynn, since youve been gone Ive hurt so many of my family, its not your fault of anyway shape or form, I just cant get over loosing you. you were the breath in my lungs/the beat of my heart. Im trying to cope, but youre the Angel of my life. you know my demons, my faults, my hopes and my dreams and you have always been there for me. Mom I miss your smile and bright blue eyes. I beg GOD to take me daily, I love you more than life,*

“ Hello Dear Don, and Family, I wish I could be there with you all and to let you know just how much Gerri was so proud of her family and she always talked about her little Micky and her good husband Don and her boys and of course her little girl Sharon. My sisters and I have been blessed to be kind of adopted in to your family by Gerri and Don in this year when we lost our parents Vance and Peggy Mayer. Your mother always called me Evelon, and never Yvonne, and we always had a joke or pulling each others leg, some times you did not know if she was joking or not, but in all Gerri was a wonderful person and a loving wife and dedicated mother and loving and fun grandma, and to me just a all around great friend, I had the privilege to call her Mom and she will forever in my heart and in my prayers be MOM and I am too happy to say I got to tell her I love her on my last call on Friday and on Saturday I recieved the card she sent me all the way to England just to say she was thinking of me and sent her love, signed Mom and Dad Sauer. I am heart broken to say the least and to let you all know she loved each and everyone of her children and she said if she could she would let them know on a daily basis, and scream it loud, but she said they already knew that and she was not wasting her shouts for that, she rather shout at me and Marilyn and Sharon at our last dinner to say get me some more of those crab ragoons Evelyn at the chinese buffett, and she was terrably fond of her little Micky, why he could do no wrong and she loved the pictures I had taken of Micky and I got some of your mother and us together when I was over in Sept. Marilyn will be getting a disc made for who ever wants them or they can email me. I just wanted to let you know I am here for you all and I just wanted to share a few things that Gerri and I had talked about and just to let Don and all the children know that she loved you all and stated she never wants to leave you, and when she talked about that we was at her grave site and she wanted pictures of that and she too was proud of that, but more than anything she never wanted to leave her family, she cried stating she will want them all to be there for her, and Don and she cried when she said she will miss them all. I know it is hard to read these words now, but the final thought is your mother loved each and everyone of you all and I

*know you all will miss her too, I know I will always remember her smile and laughs and her jokes. god bless Don, and family and please keep in touch. Love Yvonne (AKA Evelyn), Tim and our family Warrin and Windy Westys.*
