“ I will miss you ❤️ Thank you for many memories and laughs at the lake and at home. You helped raise an amazing man, That I will always cherish. I have 2 beautiful children that will always carry on your legacy. Thank you for letting me be apart of your family. P.s I will always miss watching that show (Cow and Chicken 😭💕)with you at the house off the outer road. You always told me that will rot my brain but kept laughing with me. It was pretty stupid. Lol. That’s when I honestly got to really know you. We always cracked up and talked about our day. 🙏🙏 I pray that you found peace and we all know where you are. I told you a few days before you passed, I was very proud and honored that you came to our house to be with your family in the end so we could take good care of you and not strangers. You said, “Thank You”. I know Jessica, Brian, Chuck, Shelby, Chris, and my kids all did an outstanding job because that’s what family is suppose to do. We will all miss you and have our own special memories with you that we’ll always carry. I love and will miss you Charley. Love Vera
