ME

“ Found a few mushrooms on Friday 4-5-24 Remember you teaching me how to look for them when I was a kid. Had a flash memory of you saying look under leaves that are pushed up and right then found one under my feet. I miss you Grandpa. Taking care of Grandma the best I can. I love you

“ *Dear Grandpa, I have missed you so much these past years. I can't say I go a day with thinking of you. Wish we could share more time together. Easter time especially makes me miss you. Remembering hunting for eggs when I was young and you would secretly hint where the eggs might be. I miss your smile grandpa. I love you thanks for all your love*
