“ Memories of Debbie, took awhile for them to appear, camping at Rivermont, watching the sun rise on Treasure Island Beach, but this picture is stuck on my mind, Debbie and Rick coming down the road after working 10-12 hrs they would stop by my house to pick up Julia and Mandy , I remember the huge smile and full of life look in her eyes , that's the Deb I've been missing for 20 something years now, before the beginning of the end, the storm before the hurricane!!!!

I hope you are at rest now and that you and Rick are together and at peace

Missing you , love Cheryl

“ Hurricane and I had the same type of car and the same color. I remember she was seeing Jerry at the time and he was getting on her nerves. She put all of her car decorations on mine and I put mine on hers. He kept freaking out and thinking that she was working at Diane's and it was my shift. We laughed for a long time about screwing with Jerry. She was able to get a good night's sleep at my apartment then with Jerry thinking I was hiding her at the bar somewhere.
