“ *Uncle Gary came to life when he was working with his hands. I learned so much from sitting by and listening to his insight as he worked on his homes. Even after he was diagnosed with terminal cancer I watched his eyes light up as he told me about the prospects of his home in Catawissa. I have a great respect for his character. He was always willing to take action to make things happen and never expected much in return for the many favors he did. As a result of our many conversations I am self-reliant and well rounded.*

*I appreciate you and will miss you dearly.*
