“ Greg you were very young when I last saw you, but I have vivid memories of you at birth and some years after that. Your parents were a meaningful part of my family's life  
Your dad was my dear uncle who was like my older brother and I loved him and your mother so much. This pandemic leaves me with only this tribute, because I am not comfortable with the risk of being around others at this time. I speak for my husband and my brother Gary who are at high risk. I would like to hug and console your mother and family, but instead I will send my love and condolences in this tribute. I will pray for your family and hope they find peace with your passing. God Bless you and your family. You have many loved ones and your dad most of all that will welcome you with much love. My apologies with much love to you Kathy and your family.
