“ In the 5 years I lived down the street from Isaac, he never missed a chance to smile and wave at me as I drove by. He never knew how much hope he gave me for the future of our world. I always said if all teens were like him then I might not dislike them so much lol.

Levi is staying strong, but he misses his teammate and friend. He doesnt know what to do. All of the teammates, friends, and families are. Isaac impacted so many people in such a positive way. Were really gonna miss you bud

“ *Isaac, you were truly the best friend I could have ever asked for. Your kindness, your care, and the way you always knew how to make me laugh are things I will carry with me forever. You had a way of making even the darkest days feel lighter just by being there. This world feels so different without you in it, and there are moments when the absence of your presence feels overwhelming. Not a day goes by that I don't think of you, miss you, or wish I could hear your laugh one more time. I find comfort in believing that you're up in heaven now, watching over everyone who loves you, still protecting us in your own way. You will always be my best friend, and your memory will live on in my heart forever.*
