“ I also went to school with Jacob and Matt both. I was in the same 5th grade class as Jacob and we rode the bus together for many years. Nobody knows the pain and sorrow a person truly feels when a tragedy like this happens. All I can offer the family is my prayers and the hope that someday your pain will subside. We will never know why our loved ones are taken so prematurely, but we can have hope that they are in a better place being taken care of and one day we will be reunited with them.

“ I'm in Arizona and heard about the tragedy with your boys from a friend in MO. I'm so very sorry to the whole family for your losses. I pray God will comfort and protect all of you. They sound like they were great people.

“ To the family of Jacob, I am extremely sorry for your loss. I went to high school with Jacob and had several classes with him throughout the years. He was a great guy and will never be forgotten. I hadn't seen him since graduation up until a few months ago when he came into my work. I had a chance to sit down and talk to him...I am glad I had that chance to catch up with him. I will always remember how nice and funny he was...no matter what, he always made people laugh! I will keep you all in my prayers.

To Jacob...May you Rest In Peace. You will be greatly missed!
