“ *Who is going to share a big popcorn and giant rootbeer with me and laugh when the spooky movie makes me scream in my purse? I will miss our sci fi and spooky movie dates. You said it like it was, no being Mr. Nice guy, but then later your arm was around my shoulder..saying sorry without saying it. I will miss your teasing, your late night discussions over life and trials. Your sentimental side always surprised me, it was my pleasure to see that private side of you. I will miss sharing the stove with you, baking bread with your supervision, going shopping with you my Pean...May the sun always shine..find Char and Gracie and set the world on fire.....*
