*Thank you, it was a shock and I still haven't come to grip it, it's just unbelievable and the worst thing that has ever happened in my life. I feel so empty, like something tore out my heart. I miss him terribly. He got some rare virus called encephalitis. Mercy hospital tried to cure it but it didn't. I looked it up online and it says 30% of adults that get it die. Why Jimmi?*

*I have been away sick since Dec. 14th 2018*

*Mercy hospital 64+ days*

*A rehab hospital for a few weeks*

*then I had to go into a nursing home for 5 months.*

*I forgot how to walk and I am still working on that.*

*I got home July 16, 2019 and he passed December 9th.*

*It has been horrible.*

*Thanks for thinking of me.*

*-Elaine*
