“ Jessica was a great friend of mine in school. I can still remember many fun times and laughs we shared as a close knit group being young girls. She was such a beautiful person and always found the best in every person and situation. Unfortunately we hadn't seen each other for many years but a couple years ago had reconnected on Facebook and shared a few laughs over posts we had each made! I'm sure Jessica remained the same amazing person she had always been! I wish there were words I could say to comfort her family and friends in their time of need. I have lost many family members in the last few years including my brother at the age of 32.. I know I can't take away your pain or fill the void left by her absence but I can extend my condolences and also say that no matter what Jessica will forever live on in memories and in your hearts! Jessica was always very intelligent, kind and beautiful inside and out. She always stuck up for the underdog in every situation growing up and she was always a true friend to everyone. She truly was a remarkable person and I would like to thank her family for sharing her with so many people and allowing us all to enjoy their angel. Jessica may you rest in peace in the arms of our lord.

“ Jessica you lit up my day. When your step momma and I was out you knew where to find us and we had a smashing time together. I loved you baby girl. Now you will be with some of your family. So keep me a spot warm. Love you Donna & Glenn

“ Momma Jess, you helped me through some of the many scary and hard times in my life over the last 15 years. You gave me honesty, support, love and friendship. From the first day i met you at the trailer in house springs and spending that summer with you and your cousin having a crazy amazing time and making countless memories ever since, i will love miss and charish you until i see you again. You have no clue how broken it is with knowing youre not where i can hug ya or call ya or text you. I still think this is a sick joke and cant even say good bye. I will need a while before i can say those words. Normally when ive lost a loved one like papa gma or anyone you help me with it now im lost sad and so very much broken inside. We could go months or a year without physically seeing each other and once we do its like only a day went by. Love you Jess friends forever!
