“ Sorry to hear about your mother. She was always so nice. Every time I left from visiting Dad I would see her sitting outside and she would wave to me. Wished I would have stopped to talk with her.

Remembering all the times playing at the house when we were kids.

Thinking of all of you

“ Grandma you will be deeply missed by all who love you. I am grateful that I had you in my life as long as I did and I am forever blessed with such happy memories of our times together over the years. My sweet Connor & Caelyn will always know what a special person you were because your name and memory will be spoken of often. May you rest in peace with Grandpa by your side. My thoughts & prayers go out to all my family, I wish I could be there with you all during this time. Big hugs from our family in Connecticut to all of you.
