“ *John and I spent most of the last two years together. He spoke lovingly and frequently about his family and friends, and cherished each and every one of you. He managed to come to terms for the most part with his situation. We had a million laughs together. He got out back most every day for several hours, weather permitting, to watch the birds at the feeders and the various varmints running around, monitor the tomato plant, check out the clouds, and work on his "tan". We listened to Jake Bugg's 1st album most every day - he really liked it. Played his harmonica a little. He was quite a guy, and I am lucky I got to be friends with him. Although I miss him alot, I'm glad he's free of that crummy body of his. He certainly didn't hold any grudges, and hoped for understanding and forgiveness for his own failings. I know he'd want all of us to be happy, and to think of him and laugh.*

“ *I am so sorry to hear about Johns passing. I have so many great memories of ou family gatherings. Life goes on and people move and distance keeps us apart. But no one can take our memories. I will always remember that blond little boy who was always smiling. May God Bless him and our family. Love you all. Debbie Hentze Ferraro*
