“ *Judy was my boys agent at Reginal Center, a friend of my wife's before that, and just a good friend and advisor. She always went out of her way to make things smooth and easy. I will never forget her gentle spirit and work ethic.*

“ Dear Madeline,  
I just happened to pick up a Kirkwood/Webster times yesterday. As I was looking through I saw this beautiful pic of your mom. With tears in my eyes I read the obit with shock. I wanted to send my sincere sympathy to you. She was my daughter Ramona's social worker over 10 years and the kindest most helpful women you could meet. In those 10 years, only meeting a couple times a year, you become to know a person. I know she was very caring and passionate about her work, 33 years in social work can't be easy. I know she was a caring, loving person that she loved you dearly. Many of our conversations started with you. As soon as we got together my first question was how you were doing? Graduation, Mizzo, Disney? She would always talk about you with a smile on her face. She would always share her pictures of her dogs with Ramona who would always ask about them. We she called me a year ago to let me know she would be retiring I was devastated but wished her the best. A couple months ago I looked for a personal # to call and chat but couldn't find it. I did think of her often. I am so sorry for your loss. Keep your memories close to your heart and she will be there with you. Prayers and blessings

“ To the Family of Judy Dinzebach Rayborn,

*Judy was one of my best friends in college at Washington University in St. Louis and we were Alpha Chi Omega sisters there. Judy was in a trio of friends including myself, Judy and another Alpha Chi sister named Nancy Debono. We spent all of our time together at Wash U. After college we grew distant as we lived in different cities then and the "busyness" of life got in the way. I did not know she had been ill and I just found out she passed away. I am so grief struck as Judy was always a ray of sunshine, so caring, and full of love. We had all kinds of inside jokes and nicknames for each other and I had the joy of being at her wedding. Judy has such a beautiful soul and I pray she is resting in peace. I will always remember her, her wonderful smile, and what a special person she was in this lifetime.*

“ Madeline, your mother and I shared an office at Campbell plaza for years. She was so excited to be pregnant with you, often giving us updates of your progress. She loved every second of being your mother. You truly have been her everything. I hope you are able to find peace during this difficult time. And eventually the life that your mother always wanted you to have. Dawn Wright

“ I have the best memories of Judy when we talked about our dogs. Judy knew how much I love to rescue dogs & cats & would send me photos of dogs that needed homes even though she knew my husband & I have 6 dogs & 3 cats. Judy cared so deeply for her own family, for the families she supported & for the 4 legged "people" she adopted & I am so happy we had so many times to discuss the funny things our pets did. Lots of love to Judy & to her family & Judy will always be in my heart. Love, Kelly, John & our 4-legged kids

“ My sincere condolences to Madeline and Judy’s family and dear friends. I met Judy while working at Famous-Barr department store. I was in college and she was just starting her career, that was her second job. Realized we went to high school together. Over the years we would run into each other. She will will be missed. I enjoyed seeing her every time we met up.

“ Madeleine, so sorry to hear about your mother. I was on City 1 team with Judy for several years before she transferred to the county. She was always so sweet, caring with a sweet, soothing voice and a great disposition, and always friendly and approachable, and very caring about all of her co-workers and her caseload. You know how much your mom loved you; you were the apple of her eye and the joy in her life. I remember that beautiful picture of you with your hair hanging over your bed. I could not believe how fast you grew when the last time I spoke with Judy, she told me you were all grown up and doing well. The last communication I had with Judy was when she told me she was retiring. Of course, I sent her nothing but well wishes in her next journey. I pray that you will always feel the love your mom had for you! Hopefully, her beautiful soul will continue to flow and assist this world to be a better place. May God Bless you and your family. Judy’s presence in the world will truly be missed as she is one that made it a better place!

*Much Peace and Love to YOU!!*

“ Judy was Dinzebach always to me to differentiate in my mind between her and several other Judies in my life. We were Alpha Chi Omega sisters at Baker. Judy was always smiling, always uplifting others and had the sweetest laugh. A few years back we spoke on the phone and talked of meeting up in St. Louis or KC but it didn't happen. I'd been thinking about her recently. I'm sad to know that it may be because time was running out and I should have been reaching out. Know she was loved by her Baker and especially Alpha Chi family no matter how many years or miles there have been. Love to her family, colleagues and friends. Now there is only peace and rest for dear Judy.
