“ I can't stop thinking of the black smoke that day when I was driving on 44 east towards grand. I knew something was terribly wrong. Once someone told me a life had been lost I said prayers as I watched the black smoke fade to white. You were not alone...

“ I was blessed with 30 years of her friendship, from cheer camp (my idea) and celebrity crushes (Jon Bon Jovi - hers) and terrible hairstyles we were so sure were cool at the time (definitely both of us and they weren't) through adulthood and jobs and new challenges and responsibilities. I will miss her more than I can say. I am so sorry for your loss and my thoughts and prayers are with you all.

“ Buzzy and Dee, This does not seem real. My fondest memory of Julie was in 1990, I was 9 years old. Julie was going to the New Kids on The Block concert. I was so jealous of her!!!! I cried and cried. I remember coming over to your house alot to play and hang out with her!! She even babysat us a few times! Remember all the fun, good times.

“ Julia will definitely be missed at the Missouri Botanical Garden. She was always so interested and concerned whenever we had situations involving stray animals at the Garden.
