“ I have many wonderful memories that I will always cherish. When I moved to Fenton, MO from Arnold, MO around 1977 /1978 I met Kelly Keirsey in my my second grade class at Murphy Elementary. She was my first friend and we quickly learned we had much in common as we were both sent to speech therapy due to our inabilities to pronounce certain letters of the alphabet. She could not pronounce the letter ‘R’ and I remember how we would work together to overcome our adversities. From there we were both placed in the third grade together (Ms Helm) where our friendship was sealed. Kelly and I spent our younger years playing, having slumber parties, volunteering as candy strippers, hanging out / working at Six Flags, swimming I her parents pool, irritating her brother John, hiding in her neighbors field of wheat as he would chase after us for being ‘little trouble makers’, teaching ourselves to drive (without permission) smoking and gagging on our first cigarette and much more. We were able to stay in touch as we got older and I moved several states away. Whenever I would pick up a phone or she would, we could pick right up right where we left off as if time had stood still. Kelly will be greatly missed and forever cherished. I loved this girl and will keep her forever close to my heart.
