“ *Grandpa,*

Thank you for being part of my life these years!! I am so happy that I could consider you my grandpa. I have called you grandpa since you came into my life when you married my grandmother. I am so happy that you felt so comfortable with me as your granddaughter and called me for assistance to help you when you needed me in your last moments. God Bless you and love you.

“ I will miss you beyond words papa. You were my whole world. Never a day will go by without me carrying your precious memory on. My son knows his grandfather and he will be raised with the morals that you have set forth to me. We both will have the very best memories to carry on with us. My childhood couldn't have been better. Life sure will never be the same without you in it. We all know that you were always a man of your word, so this I shall be to. I love you so much papa. Your heart. Moon and the stars. xoxo WHEEZER.
