“ *I'm going to miss our fb comment throwdowns and philosophical talks about the universe and God. You had a hard life, Lee, but your desire to rise above it and LIVE IT TO ITS FULLEST has been inspiring to so many. Thank you for touching my life and the lives of so many others.*

“ *Who would ever thought when started out so many years ago we would come to the time one of us would of became and Angel in Heaven as rotten as we were back then?? But u have been such a person in my life I have loved for so many years! You lose contact at time throughout the years but the minute you see each other it"s like you never missed a day!! All my love to Pat and the kids, grand kids, and your brothers and sisters who will always feel that loss! Give them some of that strength of yours to hold them up! I will miss just knowing you have always just been there no matter what! Will miss and love u so!*
