“ *I have so many special and ordinary memories of you. I'm so grateful to be your momma. I want all the years I thought we'd have left. I miss you so much. It hurts in places I didn't know I had. All your friends told me that you absolutely knew I love you. That helps sometimes but I have a lot more that I should have had the rest of my life to give you!*

“ *I miss you so bad brother I still cry. It took years to not break out into tears randomly. We had so many adventures together. I can't wait til we meet again someday and get back to shenanigans. The time spent here will never dull or fill the pain and hole left in my heart and soul when you left. I love you brother. I know your still around. But it will never be the same with you watching over us now, just like life will never be the same without you being next to all of us that loved ya.*
