“ I went to school with Lisa and had her in several classes. Her laugh and smile is one thing I remember most of her. So friendly and nice to talk to. I am sorry to hear of her passing.

“ Lisa was a very kind and caring person who loved a good backyard BBQ and was a fantastic cook. We spent many hours around her kitchen table at Indian Lake sharing stories and solving the world's problems while our young children played in the yard. I will treasure the memories I have of the time I spent with Lisa. Rest in peace my friend.
