“ *Dear Gloria and Joyce please accept our deepest sympathies, your mother was one of the best. She was a great friend and helped so much with my mother. She would always visit and keep my mom company at the nursing home. She will be missed but your great memories will live on.*

“ My dearest friend and the love of my life, I will miss you with every breath every tear, every smile, I will keep my memories strong and use them to keep me going. But im so lost, right now, why God or anyone would take the sunshine from my sky and her confidence from her, she made me feel loved every time I heard her voice and had such compassion and fairness, she truly was a role model and a best friend, we shared everything, and were always together, any holiday, funeral, birth, marriage, anniversary, whatever id bring my grandma and before I could she would take me with or just come over, I will hold your time with me dear and always call upon your guidance when im lost, and im trying to be strong but this is a heartbreak a true loss, but also beautiful because she was happy and lived a long eventful life and I know we knew each other inside and out and loved each other to the fullest, but I always thought our love for each other could conquer and cure everything but sometimes life has to end to truly begin just will be hard making new memories without her here but she will always be in my heart and I know she took a piece of me with her and vice versa, I love you!! Ill always be your sunshine, your tootsie!! And I wish I could hear your voice and smile and hug you again one day I will.
