“ I am very sorry to hear of Jay's untimely passing. I regret that I am catching word of the tragedy too late for the funeral. I have not seen Jay since they still called him Jaymes, but still having not seen him for that long and having gained new friends in his place, I have always regarded Jaymes as the best friend I have ever had. For years I have intended to regain contact with him, and I am heartbroken to find that that is no longer a possibility. Jaymes was a great guy that everybody admired for his kindness, his heart, and his obvious potential and he will be sorely missed by more people than you will ever know.

“ Julie, Russ and the entire family. I'm ever so sorry for your loss. I saw Jay at Jeff's wedding last March and was amazed how much he'd grown. I told him I still pictured him as the kid that visited his Uncle Jeff in Biloxi and he laughed. Please know that your family is in my thoughts and prayers.

“ I only met Jay on Father's Day of 2008 but I could tell that he was such a kind person. From first meeting him, he just had something about him that was special. I wish that we could have become closer friends. He will be missed.
