“ *Adell winstead was a friend for many years. Adell and her late husband bill, as well. She had a sense of humor and loved doing crafts. More than that she loved her family to the moon and back. She had many friends,she loved the Lord and served him. R.I.P. dear friend,till we meet again.*

“ *Adell was always awesome & loving. I met her at Faith Community Church during a Goldenager outing with my Mom. She also worked the Welcome Desk and had a smile for all. She was always full of life, and I was surprised when I learned she was at home sick (but still watching Pastor Josh's video-sermons online). I will miss getting to stop and chat with her.-Peggy Gates Watson*

“ *Adell could make just about anyone feel like she was their second mom. I use to stay the night and would look forward to all the snacks and treats she made sure we had. I remember one stormy night... she woke me up at 3am, letting me know my car horn was going off in the driveway. I felt bad for it waking her up and thought she might be just a little mad. Not a chance! She was a great person with a huge heart. Rest in peace, Adell.*

“ what a good aunt, Adell was to me. she was fun and funny. she did my wedding flowers and helped us cut our wedding cake when we couldn't figure out why the knife wouldn' go through the cake. she came up and pulled off the plastic that was holding up the towers. Glad she is with our Lord Jesus rejoicing with the rest of our family who has already gone home.

“ You have given my son a precious gift
with whom he will share his life.
You raised in love the little girl
that now he calls his wife.
You are her lovely mother,
and he the lucky man,
that your little girl has chosen
to always hold his hand.
Now we will all miss you,
Adell, and all your loving care,
and May you rest at Jesus' feet
We will meet you there.

“ Adell was such a sweet lady and I have thought of her often over the years. My fondest memory was when I was young I broke my jaw and had my mouth wired shut and Adell made me jello and pudding so I could eat through a straw. What a special lady. Prayers to you Mark, Stephanie, Derek and all of your family.

“ I met Adell when I started to school in Bethalto. The second half of our freshman year. She was a friend to me all the way thru and was till the day she died. I will miss her a lot. She and I did a lot of things together as kids and than we remained friends as adults.

When my Mother got sick, she came to Southern Illinois and just stayed with me knowing that her life could end anytime. She dearly loved her family, and that is one thing that all of the kids and grandchildren can be happy about. I will surely miss her, but she is happy and in a wonderful place right now.

With deepest sympathy

“ Adell was like a mother to me,we live behind her in our Cedar Hill subdivision when they moved there around 1984. Adell was friends with my mother,father,sister,everybody in our family. She loved her kids,crafts, & about the best cooks I ever meet (sorry mom) she would feed us anytime we we're hungry,take us to Six Flaggs, grace church, to the mall. Adell was easy to talk to for me, very funny, great personality, with a heart of gold. The Winstead is part a big part of my family.Derek, Stephanie, Mark I look up to you like my big brother. Adell I will never forget about you, we both were so happy to see each other in our later years. I love you Rip Mama Adell.
