“ *Dear Neal, Tom, Don & Marilyn,
Please accept my deepest sympathy for your loss. I worked with Maureen for many years when we were school psychologists working for Special School District. When I first started working as a school psych., over several lunches and even a few nights in Dittmer, Maureen mentored me on how to analyze and report test data. She was so generous that way. Several summers I visited the farm and we cut huge bags of basil from her amazing garden! We traveled together for conferences, and my favorite memory was a trip we took to a National Conference of School Psychologists in New Orleans - she was such fun. Even though we saw much less of each other after her retirement, I'll always consider her a dear friend. I feel blessed to have had a visit with her this past February - she was so brave in the face of her illness! I have always found her to be the ultimate in sweetness, kindness, and gentleness. She was truly a lovely woman.*

*Sincerely,
Chris Frichtel*
