“ We were just recently informed that Doctor Michael Boyd had passed away. Kathleen and I offer our most sincere condolences to his family members following this very difficult time. We no longer live in the area and sadly our pups, after being by our sides for 16 wonderful years, are no longer with us. Michael was so understanding and compassionate when he was attending to all of our beloved pets over the last twenty-seven years. He and his wife Betty were there for us every time one of our pups were having any kind of problem. They were both so absolutely gifted and brilliant in explaining every aspect of their care. The world has lost a really special fellow and we are just so very saddened as we share in his family's grief. We feel honored to have known such a remarkable gentleman and to have been able to refer to him and his family members as our very dear friends.  
God Bless !

“ I will never forget the passionate care that Dr. Boyd gave us caring for all our furry family members over the years. Always had time to chat with a smile. I remember him and Betty coming into the grocery store with such a cheerful attitude and a funny story. I am grateful that his legacy at the Animal Clinic will continue with Clint. We are lucky to have such amazing vets. Maia sends her warm condolences also.
