“ *I had the amazing pleasure of meeting Mike for the first time while we were in college at Rolla, we had several classes together. A few years later our paths crossed again when he started working at Brinkmann, and we even built a few projects together as a Manager/Superintendent team. Mike was an amazing person, so full of positive energy. I don't think he ever met a person that he couldn't bring a smile to their face. We could all use more people like Mike in our lives, and he will be missed.*
