“ *It can be so hard to be strong, when you feel so sad. Listening as the birds chirp, as the rain comes down, seeing the sun shine and the flowers bloom, will always fill my heart with comfort, she loved these thing so much. I will always remember the many times she thanked God for all the beautiful wonders in this world. She has been so easy to please, she has been so happy, and so proud of us all, that not having her here with us is going to leave an emptiness that will take time to heal. Knowing that she did not have to live a life of sorrow, or pain or disappointment, will halp to ease this pain. There is a special place in our hearts for our mother, we love her and will miss her more than words can say.*

“ *My family is the best gift my mother has ever given me. In tribute to my mother I want everyone to know that my mother is a great example of train up a child in the way they should go, she had nine children and we never missed Sunday School or Church (EVER) she never talked to me without telling me she loved me or telling me something about God"s love for me. The day she had her stoke she felt good, was happy and told my sister that she couldn"t wait to go to heaven. Gods hand has been over all of this, he gave us time to spend together while mom was still able to be a part of it because I believe her spirit was still there. Susie gave mom a final gift of love with a funeral that was pure elegance and class, mom would have loved it.*

“ Dear Susie, We just wanted to tell you we are thinking of you and have been praying for you through this very difficult time. I know you have great joy in the knowledge that your Mother was a believer and has gone on to her great reward. May God's peace comfort all of your family. I am so glad you were able to be with her and know she was comfortable. I pray also that you will get the rest you need and not get run down and sick over everything. Please take care and accept our sincere sympathy at this time. Love always,

“ I am so sorry for the sudden loss that your family is having to face. I was not lucky enough to know them but Jay and Tina are two of my oldest friends. My heart breaks for the pain you all are feeling right now. I wish I had the words that would melt the pain but they do not exist. Remember that time heals all wounds, the holes in your heart will heal. Hold on to your memories tight and each other tighter. If there is anything our family can do to help your family you know how to reach me. Trinity.
