“ *I love my Papa very much and miss him, It is hard to live with out him, He was both of my Parent and Both of my grandparents to me. It crushes me to know that hes not here with me right now, We were linked together, we could never be separated. He was my best friend I could talk to him about anything and everything and he would always have his helping advise to lend me. I have been lost since his death, saying good bye crushed me at two am October seventeenth 2009 In his room at his house. That was the day that my world came crumbling down. I have never met any other person that was as caring and nice as my grandfather. He always made me feel important. I would be working outside on the yard or something and I would come in and he would ask me hows it going and if he could help and if we could work together on everything. I Am thankful to God for the time I had to spend with my Papa, I enjoyed taking care of him and helping him, I was not able to enjoy time with him when I was younger. So that time was precious. I just know that hes looking down on us and watching over us. The fact that I lost my best friend haunts me, I am grateful that he is not in pain anymore. Rest in peace my best friend my grandfather George Haberberger Sr.*
