“ Randy was my coach in singles and pairs from age 13 to 17. I think that his values and the work ethics he taught me changed my whole life. He gave me more strength and confidence. He brought me out of my shell. He taught me to never give up and that hard work pays off. There are many times where the memories of the rink days come up... I enjoy telling the stories of the training days with Randy. I just told one the other day to my 14 yr old girl. She laughed and we laughed together. The thought of him still brings joy to our lives. I only wish I had talked more to him, so that he knew the wonderful positive influence he had and still has on my life. I am tough as nails because of him today and so are my kids because I raised them with the same values. He was a wonderful coach and a loving father and husband. I will never forget him. RIP Randy. My sincere heartfelt condolences go out to his family. Love Trish.

“ I have numerous and very special memories of Randy. As teenagers we shared many motorcycle adventures. We also co-owned a boat where we would water-ski and bar-b-que on weekends at our clubhouse on Alton Lake. For many years there was the local roller skating training sessions for the the regional and national skating championships and a couple summers in Greeley, Colorado where we trained under Jay Norcross. Many Sunday family bar-b-ques at his house and the numerous, guys only, Monday (steak) night bar-b-ques. The several family New Years Eve (private) parties at the rink in High Ridge. We also attended private pilot ground school together at Meramec J.C. Then there were the numerous trips to Las Vegas and so many other fun times together over the almost 60 years we have known one another. R.I.P. our dear friend, you will be missed.
