“ *A funny memory I'll forever hold of Rodger was my first week working in a shaft & him standing above ground dumping water over me. He may have splashed me once or twice before I noticed where exactly it was coming from, but this isn't to embarrass myself. RIP Rodger Lynch, you will be missed by many & never forgotten.*

I have many fond memories from the time I worked for Roger at the Lemay Tunnel site! He was great to work for and with, always treated me with respect! He had a good sense of humor, and was always teasing about someone or something! Never a dull moment when he was around! I quickly found out he had quite a sweet tooth, and he conned me into making them banana pudding and cakes quite often! And on one occasion, we had been off a week when the crane broke down, and he told me I'd have another week off if I didn't bring him some banana pudding! I laughed, and of course he got his pudding! I wish there was one more job, one more bowl of pudding! I only worked with Roger for a year and couple months, but his memory will be within me for a lifetime!
