“ For this another loved one, the circle of life comes around. My childhood memories of a sister in law like no other. She was the one with the bee hive hair do, the one with the fancy nails, with the bonnie Tyler raspy voice and I did look up to her. She and Robby fulfilled a teenager's dream when she talked him into letting me drive the charger just once. Dinners at her house were treats beyond imagination, we got gifts, played with our nieces and got hugs galore..still don't know why she called me Brat...I will miss getting to see you when I make it stateside, the memories you shared with me of younger years. Speak of her often, then she remains alive in everyone's thoughts, sometimes with smiles, sometimes with tears.
