“ *Steve was a Ford man, I am a Chevy man but we respected each other's opinion because we agreed on most everything else, we both loved fishing and hunting, which we did together a few times and we both loved his son, my grandson Stephen. Bruce*

“ *Having attended school with Steve in House Springs MO in our formative years, I always considered him a lifelong friend. We crossed paths a few times over the years, and I know he felt the same. Steve always had a ready smile and I am deeply saddened by his untimely passing. May he rest in peace and God hold his family in His loving care.*

“ I met him through work about ten years ago. I always looked forward to having an appointment with him for an unfit on a work truck , police car or whatever it was. Steve always told it to you the way it was. No sugar coating or playing around with words. In the car industry that is not common by any means. I looked forward to working with him and just having a casual conversation about anything while waiting for the customer pick up the car. He was always willing to listen and help find solutions to problems that seemed impossible to solve at the time.

Later on I got the opportunity to work as his son Stephen's supervisor uplifting cars and SUVs. Occasionally Steve would drop by to see how things were going and I we would talk about how his boy was doing and how he was going to do great things. I will miss not seeing him around but in a way the time spent with him made me want to be like him. A genuine person who cared about those around him and who tried or did bring out the best in the people who were willing to take the time to listen to what he had to say.
