“ Terri, you were always such a joy to have around and I always looked forward to having you over. I was truly looking forward to our horseback ride at the park this you, which you had promised me you would go and I know you were always true to your word. I will miss your goofiness and your funny picture poses - which I still have many on my computer. You appreciated the smallest things and were always willing to help out with a smile. You laughed and smiled often and it is hard to remember a time you did not have a smile on your face. Your laughter and brightness will be missed. You were an Angel to Charlie and I and such a joy to be with no matter what we did, or where we went. Charlie had a blast going on the rides with you at Six Flags and he will never forget the Dragon Wing. You were a tough young lady and your spunk, no fear and willingness to try anything just made you stand out from all the rest. I love you Terri and will truly miss you. This 4th of July will not be the same without you. May you rest in Peace and leave all you have touched with beautiful memories as you have me. You will be in my heart and part of my life forever and I will one day, meet you at the pearly gates. God always finds a way to let us know that he only takes the best and that you were. All my love, I will miss you dearly. Aunt Tracie

“ I rememberwhen I first meet Terri. It was at a football game in DeSoto she was introduced to me as Jordan's girlfriend. I thought she was as cute as could be. She was always very friendly and always had a huge smile on her face! Terri always made it a point to say hi to me when ever I saw her. I know she wasloved by so many and will be greatly missed! My heart breaks for the Culey Family and and all her friends. God Bless You! Love you!

“ Hey Terri!
We weren't the best of friends but the memories I have with you are so great! I remember calling Kayla and you'd always take the phone and say the most random things! And you would quiz me on the show Friends too. You really were a great person and I only wish I could have gotten to know you better because the only things I heard about you were good things.

“ Terri <3 my love! You are such a great person. I can't wait to see you again. You always had the biggest smile on your face, and the best attitude of anyone I have ever met. You always had something funny to say to cheer me up. No matter how much you embarrassed me (you know what I'm talking about lol) you were so individual and so amazing. I still can't believe that you are gone, but you touched so many people. You are beautiful, inside and out. I can't wait to see you again, we're going to party hard. I love you, stay amazing <3
Love always & forever,

“ I didn't get to know Terri recently but we rode the same bus when I was in the 6th grade at Athena. She always made us laugh. My brother Hunter talked about her often, and he was the one that told me...He was very upset and I know that there were many other people at school that were devastated. You will be greatly missed Terri! ❤️
