“ I have lots of very fond memories of my Uncle Tom. We were neighbors when I was growing up, so we were like one big family. My Uncle Tom and My Aunt Pat would include me in their fun adventures. My Aunt Pat would get all us kids (Her daughters Tracy, Tonya and me) and come up with an idea and then all go to Uncle Tom to see if he would go for the idea. Most of the time my Aunt Pat could get him to do anything. He would huff about it initially but in time his soft heart would come through and give us the go ahead. One of my favorite memories was a trip packing on horseback in Yellowstone Park and Grizzly came into camp and Uncle Tom was super calm until our guides said they had no guns, and they were not allowed to carry guns. Tom was not happy, and he let them know he would not have booked this trip if he had known that and added a few other words of wisdom.lol When I was 16 years old, I had a car that needed work. He offered to help me fix it as long as I helped. Of course I didn't do much, but he sure made me feel helpful and taught me a bunch. He could fix anything! I have so many memories.... But one last one great trip was our trip to Florida. He loved fishing and would take us deep sea fishing. Us girls would go fishing with him, we liked it, but I think we would go fishing with him because he was so supportive of our love for horses. Us girls always want to do horse stuff all the time. He would always say “I don't understand why you girls want to be with those crazy horses.” If you didn't know Tom by the way he talked, you would have thought he didn't like horses but again his soft heart had a big spot for the horses. I am so thankful he shared these opportunities with me. It has helped lead me to my career with horses, which is where I met my husband. You never know how one person can make a difference in your life. A good man has left us with many memories. I hope Jesus is ready to go fishing because he has one good fisherman coming his way.

Thanks for the memories!! LoveChris Kraus
