“ As a child aunt Vee and uncle mick visited my parents Ray and Marie Grandt. They were considered like an and uncle to me. I would write letters to them in my 20's up to this year. Party's at my parents houses Always included them . They were family. Aunt Vee was a beautiful careing lady. She had class and yes, was a great cook. She and my mom would cook/bake when they came up to our houses. If I remember correctly, aunt Vee and my mother meet when they were very young and worked cleaning houses. Their friendship lasted thru my parents and myself . Even though we lived miles away and opposite sides of Illinois, we always kept in touch. I will miss her and her letters,which she would always say" have one for me" ....which meant we would have a drink together. I will miss her terribly, but may she be at peace withUncle Mick and my parents. I'm sure they are having parties together along with others that they partied with when visiting my parents. All my love to you Aunt Vee, and I'll " be having one with you tonight."
