“ *Many of my best childhood memories are of the four of us cousins. We grew up pretty close being so close in age and I hold so many memories in my heart. We used to joke about being siblings. I remember mornings on the game cube, neighborhood walks, seeing Star Wars Phantom Menace and pretending to talk like JarJar in the van, and all of the fun we had at grandma and grandpa's. As adults, I know life happens and it's hard to remain that close but I will always remember Wes with a smile, his kind heart, and his sense of humor. My heart breaks for him to be gone so soon but I really hope he and James are catching up. My love and prayers go out to his family and friends during this difficult time.*

“ *Wes was truly one of a kind. I only wish I had pictures to share that captured his wonderful spirit, but even pictures don't do him justice. As genuinely kind and caring as he was funny, the world lost one of the best. We'll miss you always, Wesley.*

“ Wes has been a close friend since we were juniors in high school. I used to joke that I forced my friendship on him because we had such opposite personalities, but I truly thought he was one of the funniest people ever if you were willing to listen. The world will miss him, his laugh, the light he brought to this world, and the way he made people feel. We love you, Wesley ❤️
