“ One day my dad and I were wade fishing with s little plugs.and crickets. We found a goggle eye hole and were catching one after another on our crickets. Soon we ran out of crickets and I caught a grasshopper, those fish loved it. The next thing I knew we were running around chasing, laughing and catching grasshoppers. I have to say we belly laughed sooo many times over the years at what we must of looked like running and puncing on those grasshoppers. We went straight home cleaned them and with Mom's amazing hushpuppies to this day that was the best meal I have ever had. Mom was laughing at our crazy antics. Love you Dad!
